

Name: POLYTECH MODAC jacket	Code: MC5774Q5	MC57 CLOTHING - POLYTECH SERIES
------------------------------------	-----------------------	--

Description

Jacket in twill 60% modacrylic, 38% cotton and 2% conductive fibre, 270 g/mi. It features a Chinese collar with Velcro for neck protection, concealed front zipper closure, three-dimensional chest pockets with flap and Velcro, elasticated cuffs and reflective inserts on chest.

THE JACKET SHALL BE WORN IN COMBINATION WITH THE TROUSERS.

- Inherently Flame Retardant fabric
- The Polytech series is made with a multi-purpose fabric that combines antistatic properties with resistance to flames and heat.
- Thanks to its features it is multi-purpose, practical and resistant, breathable and comfortable.

The product is designed and manufactured to comply with the requirements of Regulation (EU) 2016/425 and subsequent amendments.

The main external fabric is OEKO-TEX® Standard 100 certified

Store in a cool, dry place, away from heat sources and away from light. Before each use, carry out a visual check to ensure that the device is in perfect condition, undamaged and clean, and replace it if it is not intact. Garments offer protection only for the part of the body actually covered and must therefore be integrated, depending on the intended use, with suitable PPE to protect exposed parts of the body (head, hands, feet). Where necessary, use appropriate respiratory and eye protection. The safety features indicated are only respected if the device is regularly worn and fastened and in perfect condition. Follow the recommended washing instructions.
