

HIGH VISIBILITY CLOTHING  
**CONTRAST trousers**  
**MC2911QN**

**MATERIALS**

77% polyester, 20% cotton and 3% spandex.

**GRAMMAGE**

245 g/m<sup>2</sup>

**FEATURES**

Work trousers made of versatile fabric, designed to offer maximum protection to those working in hazardous environments. Dirt-resistant, with a modern design that satisfies those looking for a more fitted wear. The 2-way stretch fabric, in combination with the side elasticated waistband, promotes the operator's freedom of movement, allowing for dynamic postures during work activities. The high percentage of cotton ensures natural thermoregulation. The fabric contributes to maintaining the body's thermal balance, reducing the impact of environmental variations thanks to cotton's ability to interact with the internal microclimate. Certified in class 1 for high visibility, the garment ensures a basic level of visibility in daylight and nighttime conditions, even in the presence of artificial lighting such as vehicle headlights. Reinforced seams ensure greater mechanical resistance and durability over time, making the garment reliable even under intensive use conditions. The 4 pockets make it functional and practical, allowing essential tools and items to always be within reach during work. The heat-sealed and segmented reflective bands adapt optimally to body movements, offering greater comfort and freedom of action. More resistant and durable than traditional bands, they are strategically positioned on the legs and, together with the transverse reflective inserts, contribute to further increasing the garment's visibility. The contrasting high-visibility fabric inserts complete the modern design and contribute to increasing operator safety.

**DETAILS**

- Waistband with enlarged belt loops, one of which is equipped with a D-ring;
- 2 hip pockets, to ensure quick and easy access to smaller items;
- Pocket on the right leg and a pocket with pen and tape measure holder;

- Floating pocket on the left leg, in grey, with a zipper closure, offering a significant increase in available space for carrying work tools;
- Side elastic waistband, allowing maximum freedom of movement without restrictions;
- High-visibility fluorescent yellow lower pant leg, for increased safety even in environments with poor visibility.
- Double stitching in areas most subject to stress and wear, to ensure greater resistance and durability.

**CLOSING**

Zip and rivet button.

**REFLEX**

Two heat-sealed segmented reflective bands around the legs. Transverse reflective inserts.

**AVAILABLE COLOURS**

- QM - Blue/orange
- QN - Blue/hi-vis yellow
- ZG - Black/hi-vis yellow
